

Mes 3 · Semanas 9-10

Comprensión Auditiva, Debate y Reported Speech

Nivel A2 → B1 · Clubes de Escucha y Producción Oral

Objetivo: El estudiante comienza a consumir **podcasts** y participa en **debates guiados**. Se introduce el **Past Continuous** para narrativas, el **reported speech** básico y los **discourse markers** necesarios para articular opiniones en los clubes de escucha.

1. Gramática Emergente: Past Continuous

Past Continuous: was/were + verbo + -ing

Se usa para describir acciones **en progreso en un momento del pasado**, frecuentemente interrumpidas por otra acción en Past Simple.

Estructura	Ejemplo
------------	---------

Afirmativo	<i>I was walking home at 8 p.m.</i>
------------	-------------------------------------

Negativo	<i>She wasn't listening to the teacher.</i>
----------	---

Pregunta	<i>Were you sleeping when I called?</i>
----------	---

Combinación Narrativa: Past Continuous + Past Simple

Este es el patrón estrella de la narración: una acción larga (continuous) interrumpida por una acción corta (simple).

Estructura: **While / When** + Past Continuous, Past Simple.

Ejemplos Narrativos

- *I was walking home when it started to rain.*
- *While she was cooking, the phone rang.*
- *They were playing football when the teacher arrived.*
- *While I was reading, I heard a loud noise.*

Diferencia con Past Simple solo

- Past Simple + Past Simple = dos acciones secuenciales:
*I **opened** the door and **saw** a dog.* (primero abrí, luego vi)
- Past Continuous + Past Simple = una acción interrumpe a otra:
*I **was opening** the door when I **saw** a dog.* (estaba abriendo y vi)

2. Gramática Emergente: Reported Speech Básico

Reported Speech – Estilo Indirecto Básico

Se usa para contar lo que alguien dijo sin citar textualmente. Los tiempos verbales “retroceden” un paso.

Discurso Directo	Discurso Indirecto (Reported)
<i>“I am tired.”</i>	<i>He said (that) he was tired.</i>
<i>“I like pizza.”</i>	<i>She said (that) she liked pizza.</i>
<i>“I will call you.”</i>	<i>He said (that) he would call me.</i>
<i>“I can help.”</i>	<i>She said (that) she could help.</i>
<i>“I have finished.”</i>	<i>He said (that) he had finished.</i>

Cambios de referencia:

I →	he / she	today →	that day
my →	his / her	tomorrow →	the next day
we →	they	here →	there

Reported Speech con preguntas

Preguntas sí/no: se introduce con **if / whether**:

*“Do you like coffee?” → She **asked** me **if** I liked coffee.*

WH-questions: se mantiene la palabra interrogativa pero con orden afirmativo:

*“Where do you live?” → He **asked** me **where** I lived.*

3. Chunks: Discourse Markers para Debate

Discourse Markers – Conectores para Articular Opiniones

Estos marcadores son esenciales para participar en los **Clubes de Escucha y Debate**.

Para dar tu opinión:	<i>I think / believe that...</i>	(Creo que...)
	<i>In my opinion, ...</i>	(En mi opinión, ...)
	<i>From my point of view, ...</i>	(Desde mi punto de vista, ...)
	<i>As far as I'm concerned, ...</i>	(En lo que a mí respecta, ...)

I agree with you.
I agree because...
 Para estar de acuerdo o en desacuerdo: *I see your point, but...*
I'm not sure about that.
I disagree because...

First of all, ...
Moreover, ... / Furthermore, ...
However, ...
 Para estructurar el argumento: *Although...*
On the other hand, ...
In conclusion, ...
To sum up, ...

4. Chunks: Hablar de Podcasts y Medios

Discussing Media – Frases para los Clubes de Escucha

<i>The podcast was about...</i>	(El podcast fue sobre...)
<i>The main topic was...</i>	(El tema principal fue...)
<i>The speaker said that...</i>	(El hablante dijo que...)
<i>I found it interesting because...</i>	(Me pareció interesante porque...)
<i>The part I liked the most was...</i>	(La parte que más me gustó fue...)
<i>I didn't understand the part about...</i>	(No entendí la parte sobre...)
<i>It reminded me of...</i>	(Me recordó a...)
<i>I learned that...</i>	(Aprendí que...)
<i>What do you think about...?</i>	(¿Qué opinas sobre...?)
<i>Do you agree with what the speaker said?</i>	(¿Estás de acuerdo con lo que dijo?)

5. Chunks: Conectar Ideas con *because*, *but*, *so*

Advanced Connectors – Para Argumentar en los Debates

Conector	Función	Ejemplo
because	causa	<i>I liked it because it was very clear.</i>
so	consecuencia	<i>I didn't understand, so I listened again.</i>
but	contraste	<i>The topic was boring, but the speaker was good.</i>
although	contraste fuerte	<i>Although it was long, I enjoyed it.</i>
however	contraste formal	<i>The story was simple. However, the ending was surprising.</i>
moreover	adición formal	<i>It was informative. Moreover, it was entertaining.</i>
therefore	conclusión	<i>She practiced every day. Therefore, she improved quickly.</i>

6. Oraciones Listas para Minar

Oraciones i+1 – Semanas 9--10

1. *I was listening to a podcast when my phone rang.*
Objetivo: Past Continuous interrumpido por Past Simple.
2. *While we were having dinner, the lights went out.*
Objetivo: estructura “While + Past Continuous, Past Simple”.
3. *She said that she would come to the meeting.*
Objetivo: reported speech con retroceso “will → would”.
4. *He asked me if I liked the new restaurant.*
Objetivo: reported speech para preguntas sí/no con “if”.
5. *The podcast was interesting. However, it was a bit long.*
Objetivo: el discourse marker “However” para contrastar.
6. *I agree with you because the speaker made very good points.*
Objetivo: la estructura “I agree because...” para debatir.
7. *Although I didn’t understand everything, I got the main idea.*
Objetivo: el conector “Although” al inicio de oración.
8. *The teacher asked us where we had traveled.*
Objetivo: reported speech de WH-question con orden afirmativo.
9. *On the other hand, some people think it’s too difficult.*
Objetivo: la expresión “On the other hand” para presentar el otro lado.
10. *She practiced every day. Therefore, her pronunciation improved a lot.*
Objetivo: el conector “Therefore” para conclusiones.
